

AMERICAN INDUSTRIES
TO REBUILD EUROPE

So Predicts Westinghouse Official on Information From Commission Member.

"When the war ends there will be a demand upon American industries to reorganize and reconstruct European communities and industries."

GOOD WORK
FOR SICK WOMEN

The Woman's Medicine Has Proved Its Worth.

When Lydia E. Pinkham's remedies were first introduced, their curative powers were doubted and had to be proved. But the proof came, and gradually the use of them spread over the whole country. Now that hundreds of thousands of women have experienced the most beneficial effects from the use of these medicines, their value has become generally recognized, and Lydia E. Pinkham's Vegetable Compound is the standard medicine for women.

The following letter is only one of the thousands on file in the Pinkham office, at Lynn, Mass., proving that Lydia E. Pinkham's Vegetable Compound is an article of great merit as shown by the results it produces.

Anamosa, Iowa.—"When I began taking Lydia E. Pinkham's Vegetable Compound I suffered with a displacement, and my system was in a general run-down condition. I would have the headache for a week and my back would ache so bad when I would bend down I could hardly straighten up. My sister was sick in bed for two months and doctored, but did not get any relief. She saw an advertisement of your medicine and tried it and got better. She told me what it had done for her, and when I had taken only two bottles of Lydia E. Pinkham's Vegetable Compound my head began to feel better. I continued its use and now I don't have any of those troubles."—Mrs. I. J. HANNAN, R. F. D. 1, Anamosa, Iowa.—Adv.

that will make the war orders placed here seem insignificant."

So predicted E. M. Herr, President of the Westinghouse Electric and Manufacturing Company, to the American Manufacturers' Association at a luncheon in the Hotel Biltmore yesterday. Mr. Herr read a letter from W. W. Nichols of the Allis-Chalmers Company, one of the American Industrial Commission now in France. Mr. Nichols told of a conversation with Lloyd George and Lord Reading, who expressed thorough approval of the Industrial Commission's mission.

"I hope America will send such commissions to England and other parts of the world," said Lloyd George. "This globe is large enough for all of us."

Reviewing the conditions which confront France, the commission reported to Mr. Herr that the physical destruction in Northern France alone exceeds \$2,500,000,000 in value. Seven hundred and fifty towns have been destroyed and more than 2,500 cities are in possession of the Germans. The war area in France and Belgium, 13,595 square miles, was a metropolitan manufacturing district thickly populated.

CLEARING HOUSE BREAKS
ALL RECORDS FOR YEAR

Total Transactions \$155,742,333.98
Are Reported, Daily Average of \$512,310.308.

All records were broken by the New York Clearing House during the year ended Sept. 30, according to Manager Sherman's report at the annual meeting yesterday. The transactions were as follows: Exchanges, \$147,180,709.461; balances, \$5,461,524.447; total, \$155,742,333.908, or average daily transactions of \$512,310.308.

Frank A. Vanderlip, President of the National City Bank, was re-elected President of the Association; Joseph Byrnes, Vice President of the Merchants National Bank, was re-elected Secretary; William Sherman, Manager; W. J. Gilpin, Assistant Manager; and C. A. Hanna, Examiner.

Edward Townsend, Chairman of the Importers and Traders National Bank; J. D. Martindale, President of the Chemical National Bank; W. E. Frow, President of the Corn Exchange Bank; and Seward Prosser, President of the Bankers' Trust Company, were elected members of the Clearing House Committee in place of J. S. Alexander, President of the National Bank of Commerce; C. H. Kelso, President of the Title Guaranty and Trust Company; and S. M. Baker, President of the Bank of the Manhattan Company.

THE CANDIDATE
FOR OFFICE

One Very Noticeable qualification

Few people realize that campaigning before an election calls for physical endurance out of the ordinary.

No one realizes more clearly than the candidate himself the necessity for keeping his vitality up to the top notch.

For half a century leaders of men in the world over have known the value of Johann Hoff's Malt Extract as a body nourisher. This delightfully palatable tonic food taken with meals builds up the tissues, enriches the blood and possesses unusual digestive properties. Equally beneficial to nursing mothers and sickly children.—Adv.
